# Questions About Federal Immigration Enforcement

The Offices of General Counsel for Johns Hopkins University and the Johns Hopkins Health System offer the following guidance in response to questions regarding recent changes in federal immigration enforcement policy.

If you encounter federal law enforcement officers on Johns Hopkins property, you should follow this guidance:

1. Remain calm
2. Immediately contact the appropriate legal or public safety office:
  - a. For JHM/JHHS: Attorney on Call at 410-955-6070 or SecureChat @Urgent JHHS Legal On-Call.
  - b. For JHACH: 727-767-8959 (during business hours) or 727-804-1978 (urgent after hours).
  - c. For JHU: Office of Public Safety at 410-516-7777.
3. If a federal law enforcement officer seeks to enter non-public areas, calmly request that the officer wait while you contact the appropriate office as indicated above. If asked, inform the officer(s) that you do not have authority to consent to entry or searches, and do not accept service of any legal document without contacting the number above.
4. If a federal law enforcement officer takes action, with or without awaiting guidance from Johns Hopkins legal and/or public safety personnel, it is important that you do not intervene, as obstructing or otherwise interfering with certain government activity can be a crime.
  - a. Do not attempt to obstruct the officers' activities or block their movement in any facility.
  - b. Do not attempt to notify any person who may be subject to federal immigration enforcement that federal law enforcement officers are present, or engage in any behavior in an effort to enable them to leave the premises or hide.
