Hi Cassia,

Yes, these times are now confirmed for 28G. Your group can proceed to enter that recurring rehearsal both in 25Live and Hopkins Groups per the recent instructions and training. You can enter separate submissions not only for the different days/times, but also for the fall and spring, if you anticipate using that same time all year. They just need to be in separate submissions per semester. Thanks, and let me know if you have questions.

Nicoleen
